

**CLAIMS**

What is claimed is:

1. A flora integrated cover for a toilet tool, which has a working portion and a handle extending therefrom, comprising:
  - a) a flower pot shaped base, shaped and designed to receive the working portion of the toilet tool; and
  - b) a flora arrangement, shaped and designed to mount over the handle of the toilet tool.
2. The flora integrated cover for toilet tools of claim 1, wherein the flora arrangement is in a general appearance of plant leaves.
3. The flora integrated cover for toilet tools of claim 1, wherein the flora arrangement is in a general appearance of a flower arrangement.
4. The flora integrated cover for toilet tools claim 1, wherein the flora arrangement is in a general appearance of a combined flower and plant arrangement.
5. The flora integrated cover for toilet tools of claim 1, wherein the toilet tool is a toilet bowl brush and the working portion is a brush.

6. The flora integrated cover for toilet tools of claim 1, wherein the toilet tool is a toilet bowl plunger and the working portion is a bell, or suction cup.
7. The flora integrated cover for toilet tools of claim 1, further comprising a hollow tube, positioned within the flora arrangement to releasably retain the handle within the tube.
8. The flora integrated cover for toilet tools of claim 7, wherein the hollow tube is fixedly coupled to the flower pot shaped base.
9. The flora integrated cover for toilet tools of claim 8, wherein a bottom of the flower pot shaped base is open to allow the flora integrated cover to be placed over, and cover, the toilet tool.
